INTELLECTUAL PRODUCTION

USP INFORMATION MANDATE – Resolution 6444 – Oct. 22th, 2012:

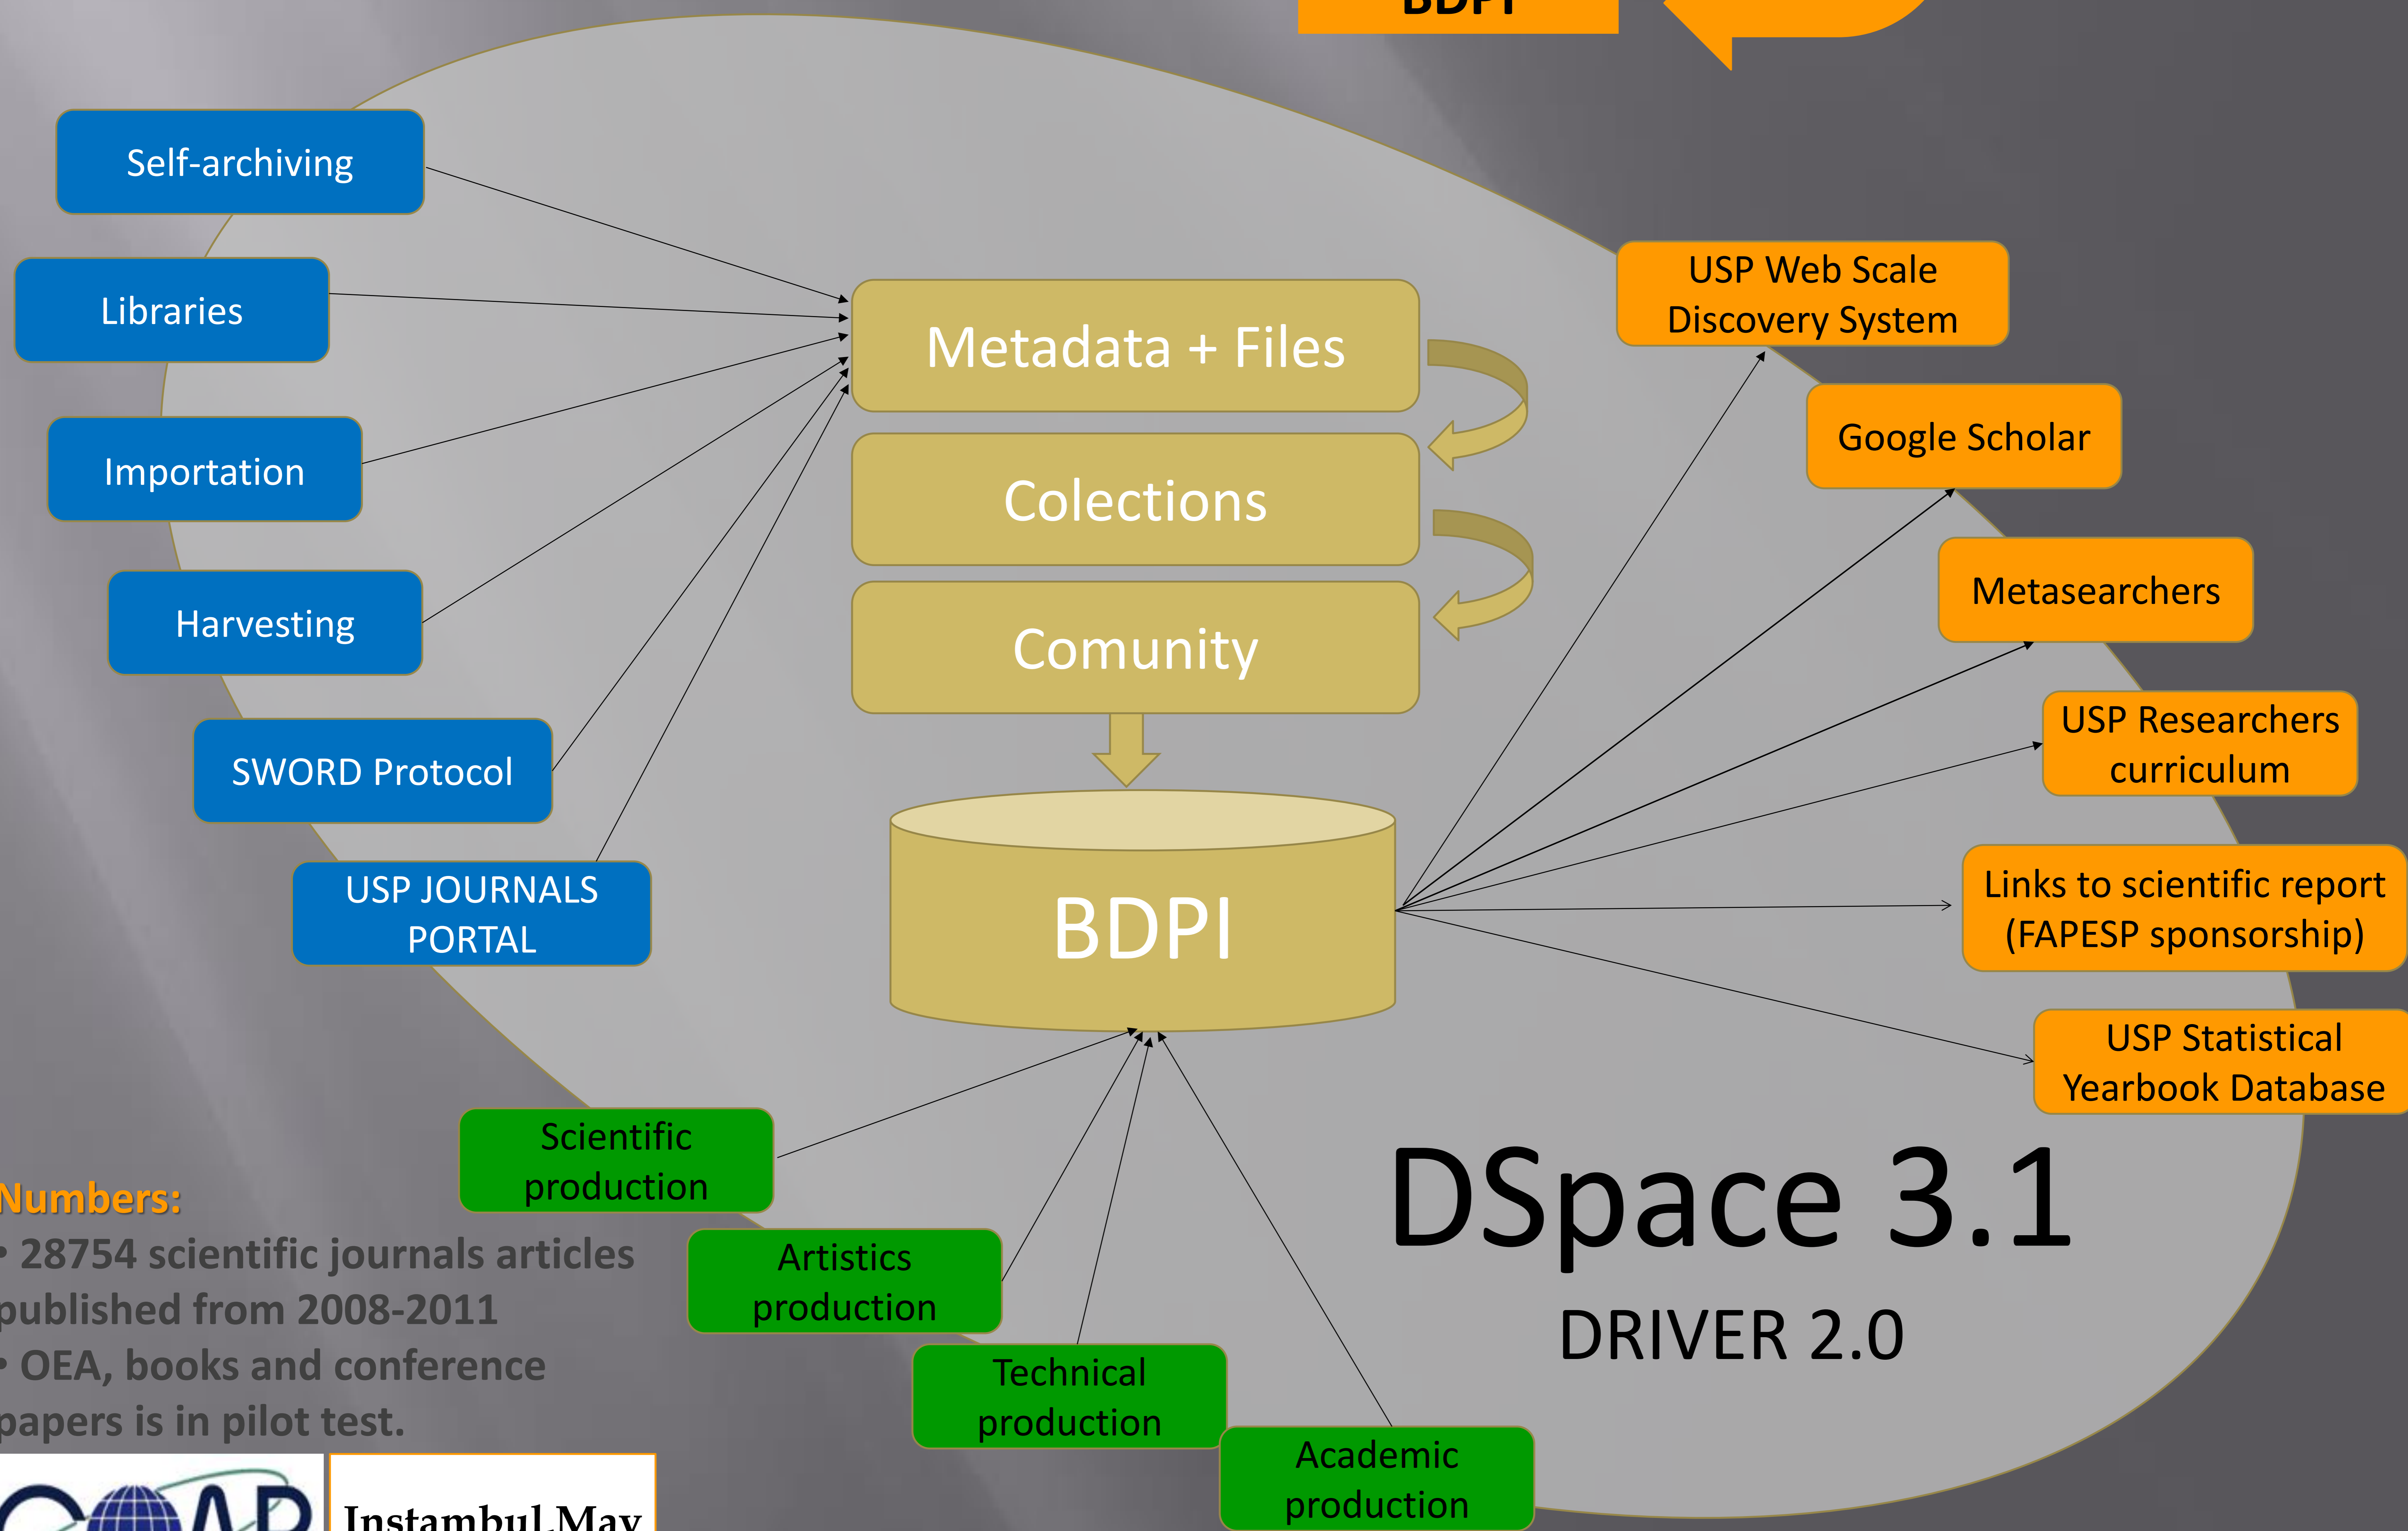

- Make public and accessible the knowledge generated by research developed at USP, encouraging the sharing, the use and generation of new content;
- Preserve institutional memory by storing the full text of Intellectual Production (scientific, academic, artistic and technical);
- Increase the impact of the knowledge generated in the university within the scientific community and the general public;
- It is suggested to all members of the USP community to publish the results of their research, preferably, in open-access publication outlets and/or repositories and to include the permission to deposit their production in the BDPI system in their publication agreements.
